August 18, 2023

Dear Parents,

I hope my letter finds you well and in good spirits. We are off to a great school year. As you may know, our communities are seeing an uptick in COVID cases. Although we are doing our part to keep ourselves and our community safe by getting vaccinated, we must continue to follow safety protocols to help stop the spread:

- Indoor masking is recommended and not required.
- Receive the COVID-19 BIVALENT Booster if you haven't already.
- Wash hands with soap and water.
- Avoid close contact with people who are sick.
- After touching frequently touched surfaces or objects, use hand sanitizer. (Small bottles available in the health center)
- Conduct daily health checks; if you have symptoms, please self-report and get tested.
- **If you are sick, STAY HOME.**

Together we can keep ourselves and others safe.

This school year, we could not manage and prepare our grounds as usual. We understand your concerns about this, and I want to reassure you that our campus will be up to par on your next visit. I encourage you to speak to our children about helping to keep it clean and reminding them that this is their home away from home.

Our school is an extension of our communities, and we embrace the Core Values of our Tribes. Respect is critical to building healthy relationships and communities. I ask for your support and participation in our children's educational experience. Together we will prepare the next generation of leaders, educators, and vocational and professional adults.

Thank you for your continued support and Love for our children and school.

With Love,

Superintendent Abeyta
